

# Make a Honey Bee Puppet

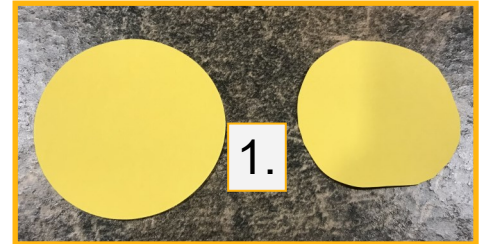

# Honey Bee Puppet Directions

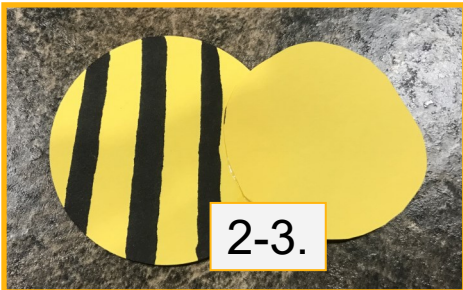

**Materials:** Paper templates: body and wings, scissors, Elmers glue, popsicle stick, 2 googly eyes, small black pipe cleaner, black colored pencils

## Directions:

1. Start by cutting out all the paper parts.

2. Use the black pencil to draw lines on the bigger yellow circle.

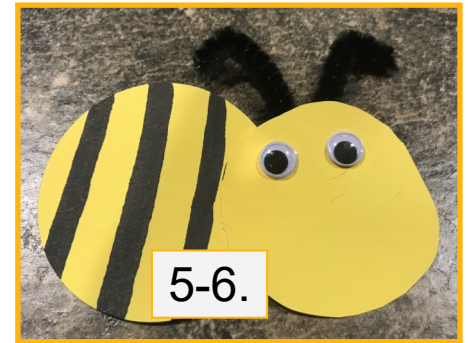

3. Glue the circles together, with the smaller one overlapping slightly on the big one.

4. Fold your pipe cleaner in half then fold over both edges a bit.

5. Carefully flip your bee over and glue the pipe cleaner antennae to the smaller circle.

6. Flip you bee back over and glue the eyes on.

7. Use the pencil again to give you bee a face.

8. Glue the wings to the back of the larger circle.

9. Finally, glue the popsicle stick to the back of the bee.

10. Your honey bee puppet is complete!

**PLEASE LEAVE DIRECTIONS ON TABLE ~ THANKS, WH NATURE CENTER**
