

Make A Paper Circle Caterpillar

Paper Circle Caterpillar Directions

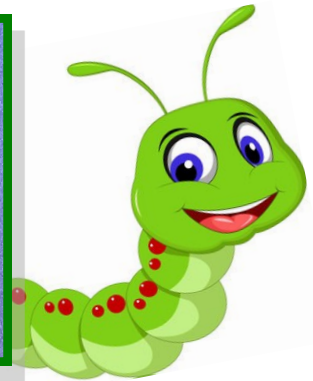

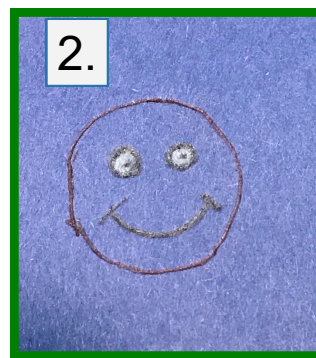

Materials: Green construction paper, two more colors of constructions paper, scissors, colored pencils, and glue

Directions:

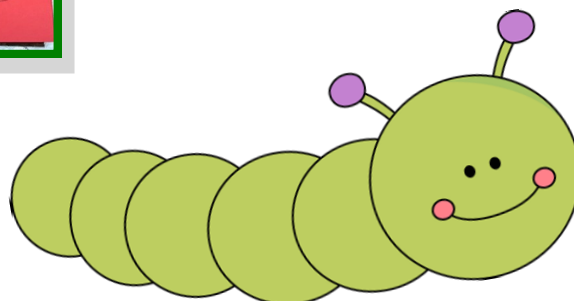

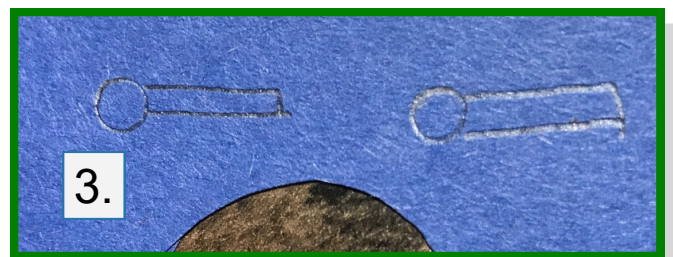

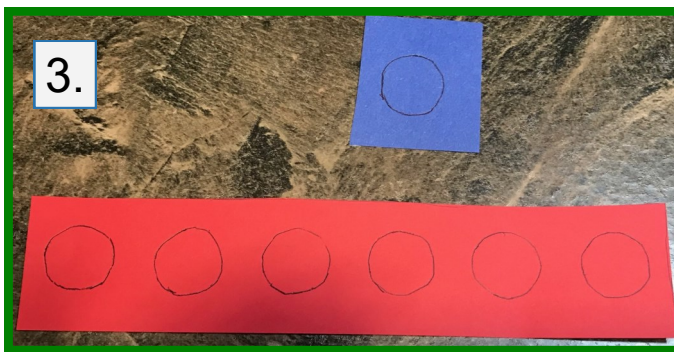

1. Draw your leaf on the green paper and cut it out. Add details to make your leaf realistic.

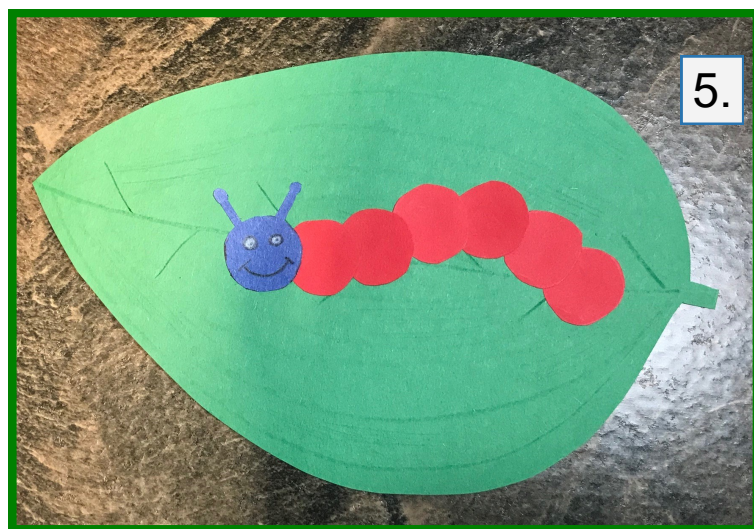

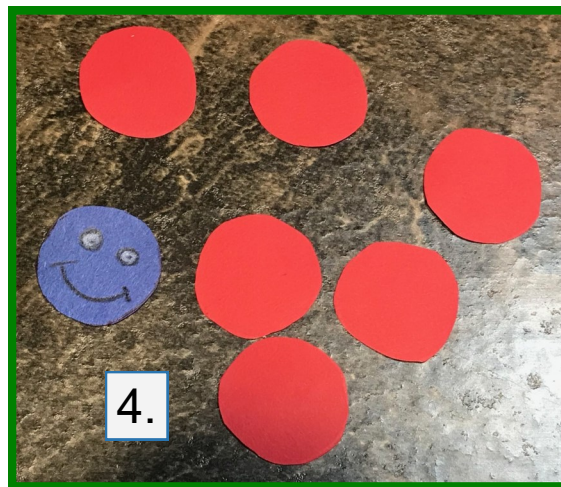

2. Use the paper that has one circle to draw a face. This will be the caterpillars head!

3. Cut out all of the circles. If you want to make antennae out of paper, save scraps of one of the colors.

4. Glue all of the circles to the leaf. If you make antennae out of make glue them too. If you draw antennae on the leaf, draw them now.

5. Your caterpillar is done!
Make sure to put your scrap paper in the recycling bin.
