

Make a Paper Tube Dragon

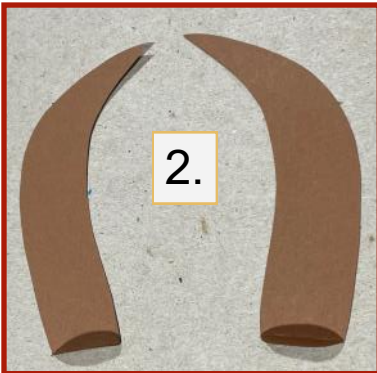

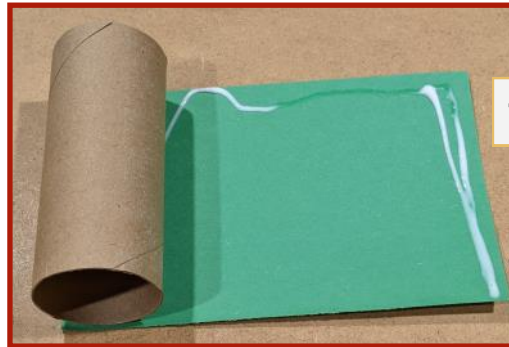

Paper Tube Dragon Directions

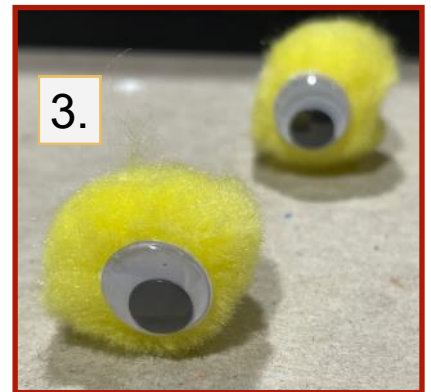

Materials: TP tube, colored paper square, brown and colored paper w/ templates, 2 pom-poms, 2 wiggle eyes, 2 black circles, tissue paper strips, scissors, tacky & stick glue

Directions:

1. Use stick glue on the paper square. Wrap paper around TP tube.
2. Cut out horns and fold the bottom part to attach to tube. Glue onto TP tube at one end.

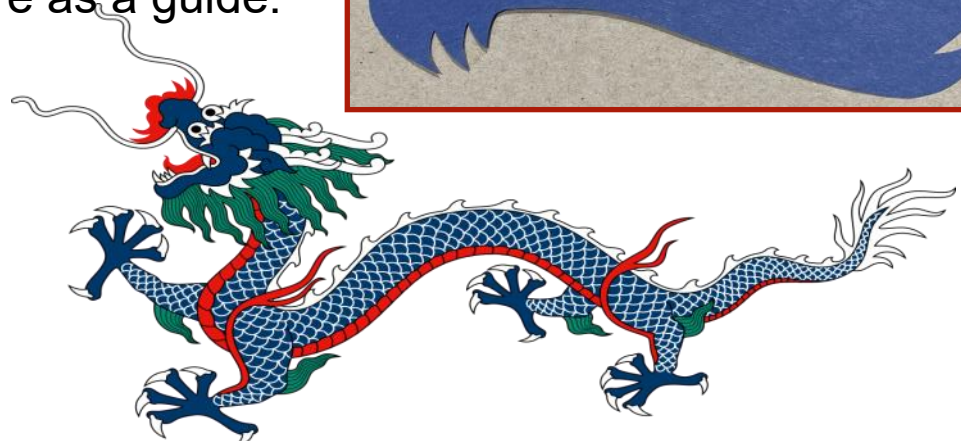

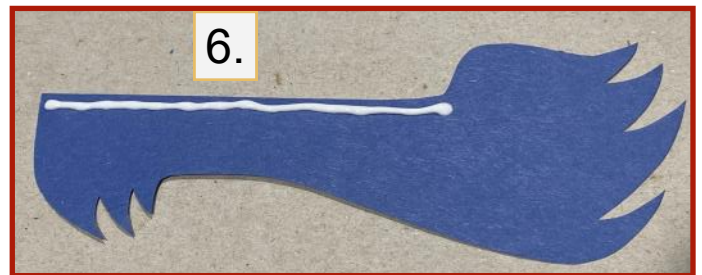

3. Glue eyes onto each pom-pom.

4. Glue the pom-poms to the TP tube near the horns.

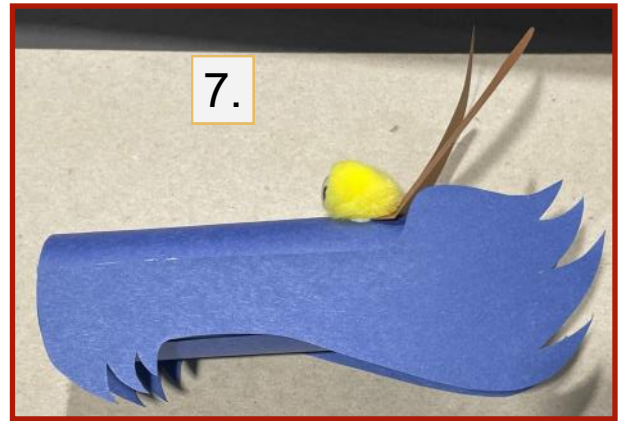

5. Cut the beard out.
6. Add a strip of glue on the top of the beard. Use the picture as a guide.

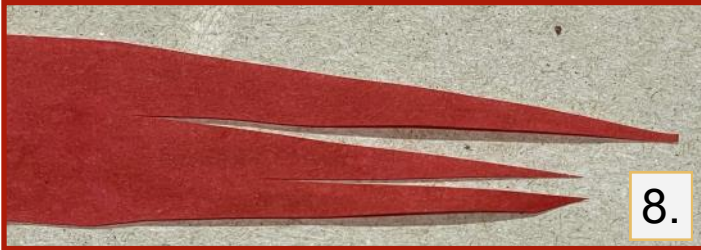

Over →

7. Glue each beard to the TP tube on either side. Line up the large end at the tube end with the eyes/horns.

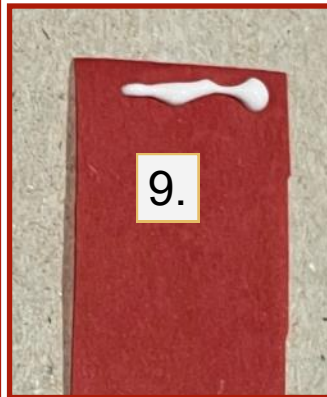

8. Cut the ends of the tissue paper to

look like fire.

9. Carefully glue the tissue paper to the inside of the TP tube.

10. Glue the two black circles to the front of the TP tube for the nose.

11. Once your fire-breathing dragon is dry, try blowing through the end with the eyes to make the fire move!
