

Make A Paper Tube Flower

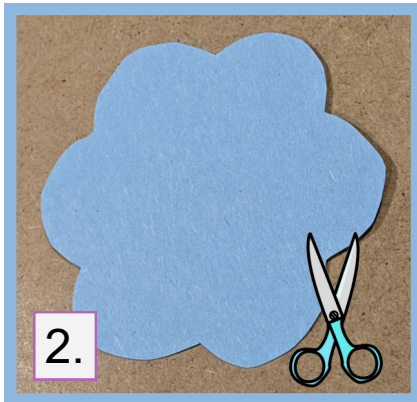

Paper Tube Flower Directions

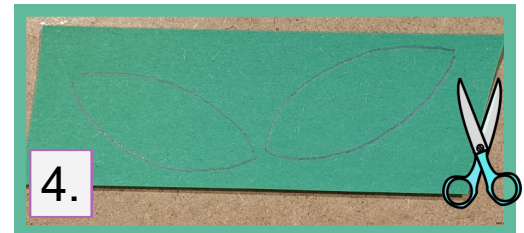

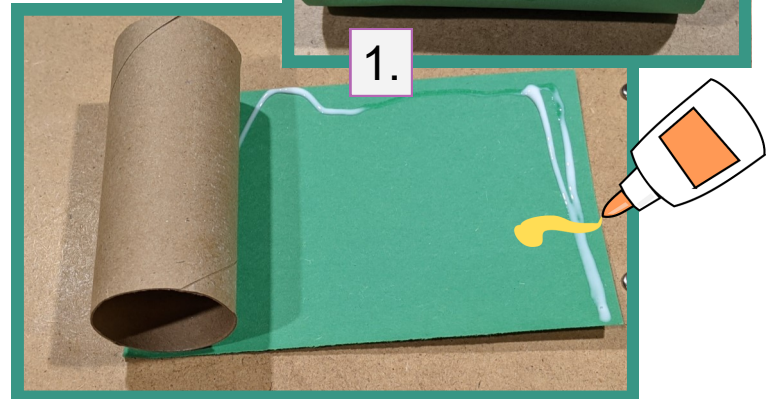

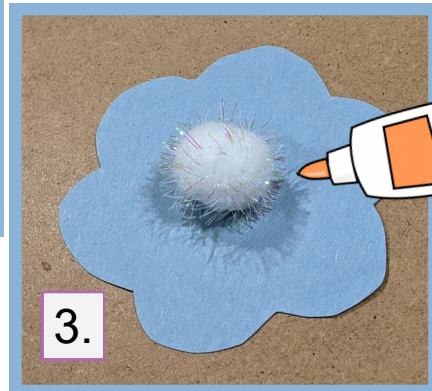

Materials: paper tube, green construction paper, color construction paper, pom-pom, pencil, scissors, and glue

Directions:

1. Glue green paper onto the TP tube.
2. Cut out the flower shape traced on the colorful paper.
3. Glue the pom-pom on flower.
4. Draw two leaves on dark green paper and cut out.

green paper and cut out.

5. Draw two smaller leaves on light green paper and cut out.

6. Glue the smaller leaves onto the bigger ones.

7. Glue the leaves to the base of the tube.

8. Cut two slits in the top of the tube across from one another.

9. Slide the flower into the slits made in the tube.

10. You're done!! Will your flower attract any bumblebees?
