

Make a Scarab Hand Puppet

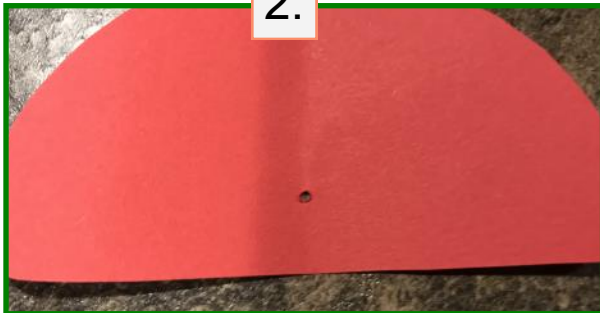

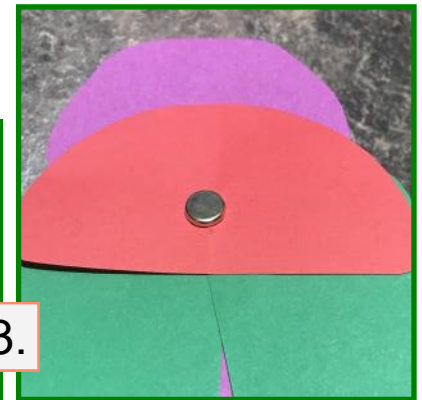

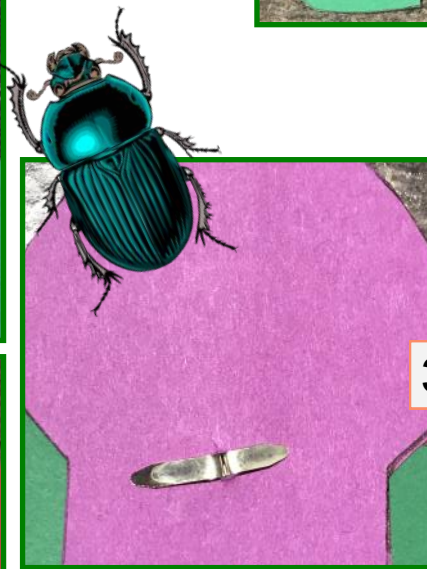

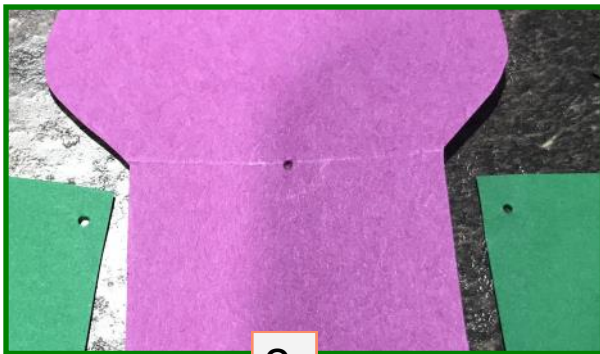

Scarab Hand Puppet Directions

Materials: Paper with templates, brass fastener, glue stick, black paper strips, colored paper, scissors, colored pencils

Directions:

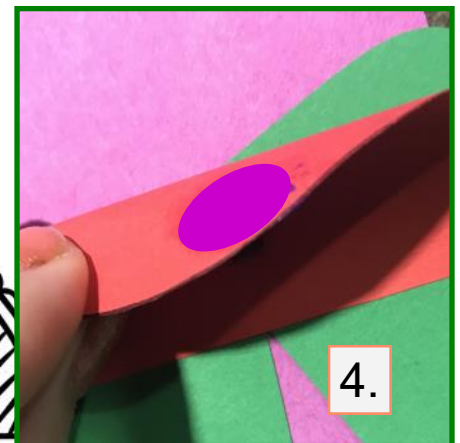

1. Cut out the template pieces.
2. Carefully poke a hole in the body, wings, and half circle. You may need to do each piece individually.

3. Put brass fastener through the half circle, wings, then body. Fold the fastener over on the back.

4. Add a small amount of glue at the top of the half circle to help it stay in place.

5. Accordion fold each of the black strips.

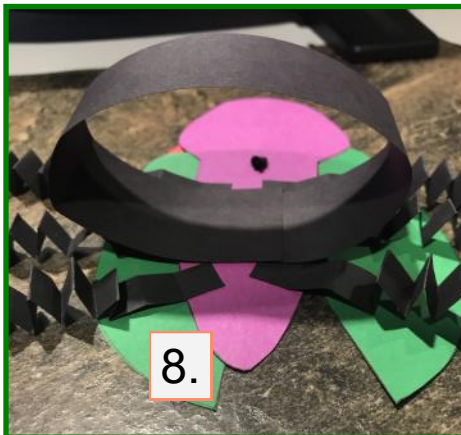

6. Flip the scarab over. Glue the folded paper for legs.

7. Wrap the long colored paper around your hand. Glue together.

8. Glue the paper loop onto the back of the scarab.

9. Optional: Draw a pattern on the body or wings.
