

# Make A Clothespin Shark

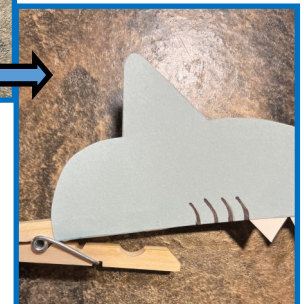

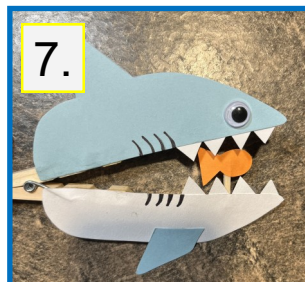

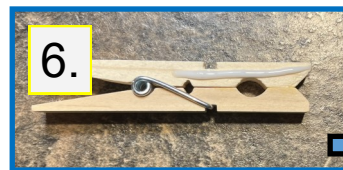

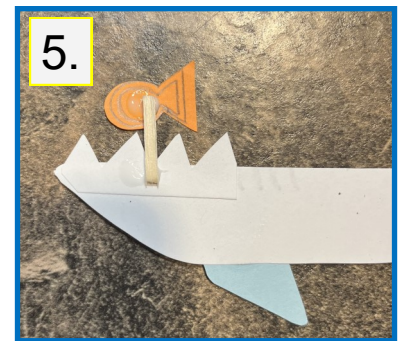

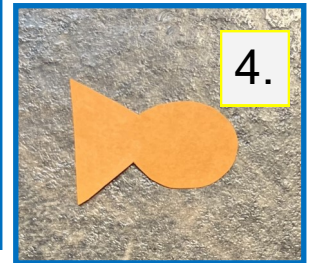

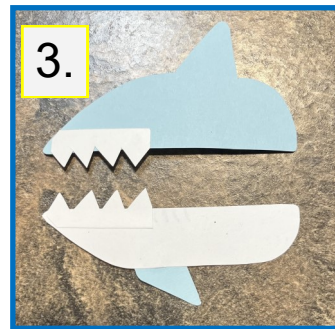

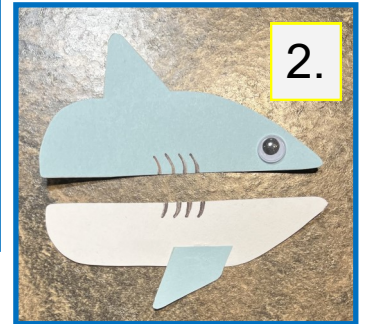

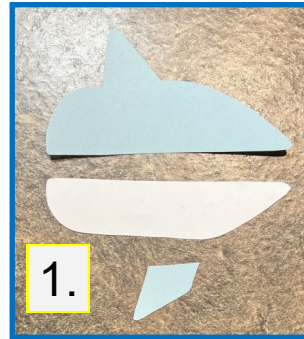

# Clothespin Shark Directions

**Materials:** blue and white construction paper, wiggle eye, black colored pencil, clothespin, match stick, tape, glue, scissors

## Directions:

1. Cut the shapes out of the templates.
2. Glue the eyes, fin, and wiggle eye onto the shark's body.
3. Cut teeth out of your white strip of paper. Flip the shark's body over and glue the teeth on the top and bottom. Make sure you're gluing the teeth to the **BACK** of the shark.
4. Draw and cut a small fish out of the orange paper.
5. Glue one end of the match stick to the fish and the other end to the bottom teeth. Add a piece of tape to the bottom jaw for more security.
6. Glue the top and bottom halves of the shark onto the clothespin.
7. You're done!

**PLEASE LEAVE DIRECTIONS ON TABLE ~ THANKS, WH NATURE CENTER**
