

# Make A Paper Cup Wind Chime

# Paper Cup Wind Chime Directions

**Materials:** Paper cup, string, beads, hole punch

## Directions:

1. Punch five holes around the rim of the cup. This is where the beads will hang from.

2. Take a short piece of string and tie a bead on one end using two knots. Thread the other end through hole on the bottom of the cup (with bead on inside of cup).

3. Add beads to the loose end of string and tie a loop for hanging.

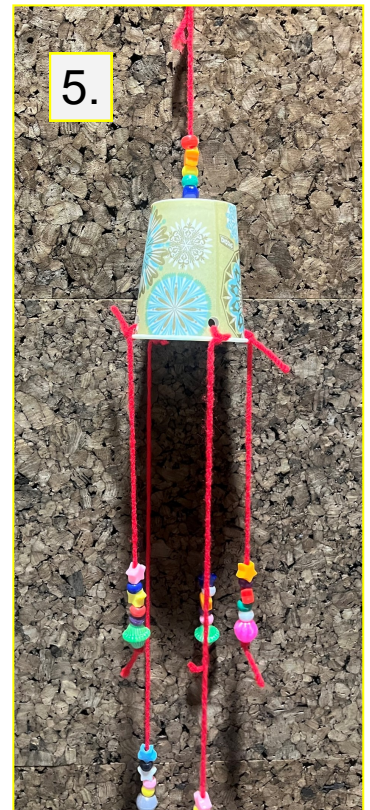

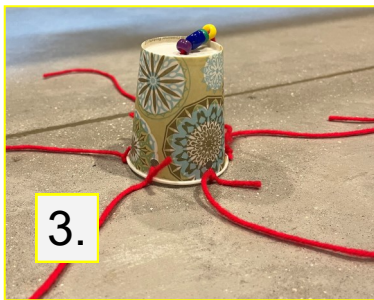

4. Tie other strings onto the cup through the holes, alternating string lengths.

5. Add beads to each string. Tie the string around bottom bead.

5. You're done!

Celebrate Global Wind

Day (June 15th) with your new paper cup windchime.

**PLEASE LEAVE DIRECTIONS ON TABLE ~ THANKS, WH NATURE CENTER**
