

Make A Paper Rainbow cloud

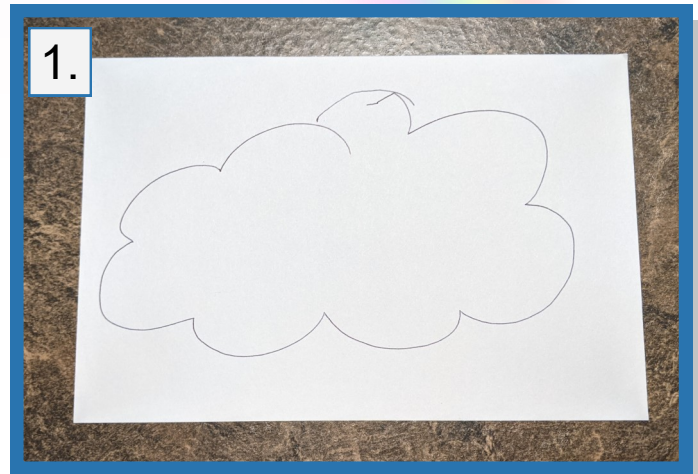

Rainbow Cloud Directions

Materials: Half sheet of white paper, 7 colored paper strips, glue, marker/crayon, pencil

Directions:

1. Draw a cloud shape on your white paper. Our cloud is very puffy like cotton balls.
2. Next cut out your cloud.

3. Take your colored paper strips and glue or tape them to the back of your cloud starting with red on the far right.

To remember the order of the rainbow colors try the acronym "Roy G. Biv" which stands for:
Red, orange, yellow, green, indigo, and violet

4.
Draw on eyes and a mouth
to your cloud friend
And you are done!

5. After the next rain storm try to find a rainbow of your own
