

Make A Popsicle Stick Apple

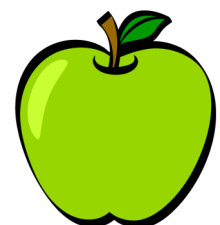

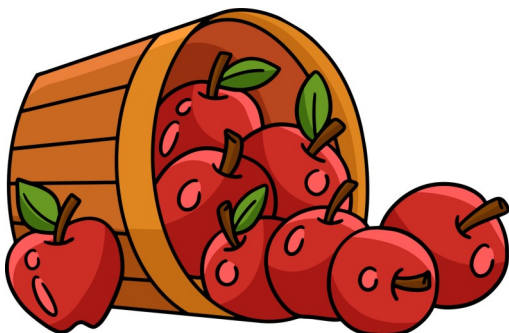

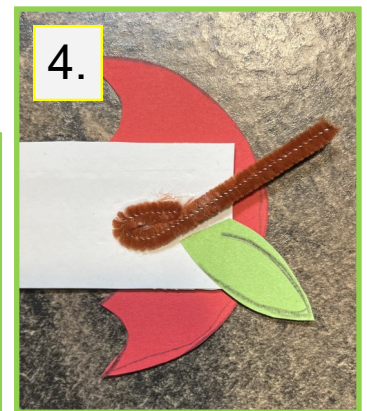

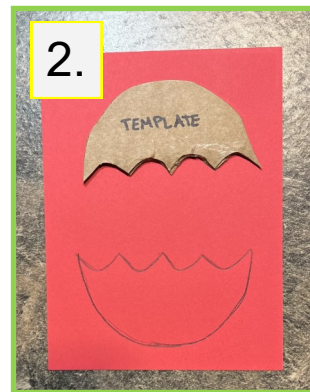

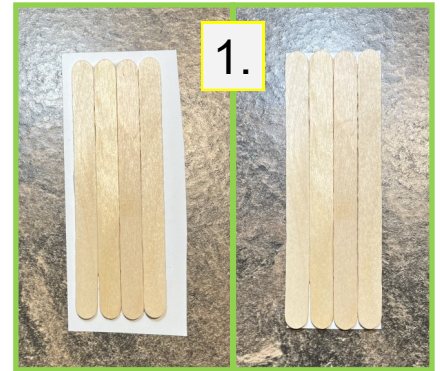

Popsicle Stick Apple Directions

Materials: red and green construction paper, heavier white paper piece, popsicle sticks, brown pipe cleaner, apple template, black colored pencil, scissors, glue

Directions:

1. Glue the popsicle sticks onto the white piece of paper. Trim paper around popsicle sticks.
2. Use the template on the table to trace your apple shapes onto the green or red paper. Cut the apple pieces out. Leave template on table for others. Cut the apple pieces out. Leave template on table for others.
3. Glue the apple pieces onto the popsicle sticks, one on the top and one on the bottom.
4. Draw and cut a leaf out of the small square of green paper. Glue this and the brown pipe cleaner on the BACK of the popsicle sticks.
5. Use the black colored pencil to add some seeds to your apple core.
6. You're done!

PLEASE LEAVE DIRECTIONS ON TABLE ~ THANKS, WH NATURE CENTER

Illinois State Fruit

GoldRush Apple

GoldRush apples are tart when initially harvested, but when kept in storage, the flavor balances, creating a sweet, acidic, and tangy taste.
