A new baby's arrival impacts a family, told from the point of view of a delightfully unreliable narrator -- a wildly imaginative 7-year-old named Tim. The most unusual Boss Baby (Alec Baldwin) arrives at Tim's home in a taxi, wearing a suit and carrying a briefcase. The instant sibling rivalry must soon be put aside when Tim discovers that Boss Baby is actually a spy on a secret mission, and only he can help thwart a dastardly plot that involves an epic battle between puppies and babies. Oysters and mussels and clams, oh my! Will you find a pearl in the oyster of these crafts? Swim over to the Nature Center this weekend to find out by creating your own oysters out of cupcake liners! What's the difference between these three types of mollusks? Each has two shells connected by a hinge on the back but have slightly different shapes. Oysters are found in saltwater and usually attach themselves to rocks, reefs, or other structures. Mussels are found in both freshwater and saltwater and they grow on rocks or man-made surfaces. Clams are found in sandy or muddy ground in bays, seas, and oceans and move around on the ocean floors. While supplies last.
