

Make A TP Tube Rainforest Tree

TP Tube Rainforest Tree Directions

Materials: Toilet paper roll, leaves template, colored pencils, scissors, glue

Directions:

1. Start by coloring your leaves. Then, cut the leaves out.

2. Draw on the toilet paper roll to make it look like a tree.

3. Fold the bottoms of the leaves to glue them onto the inside of the toilet paper roll.

4. While glueing the leaves on, you may need to hold them for a minute so they stick.

5. Your TP Tube Tree is complete!
