

# Make A TP Tube Bee

# TP Tube Bee Directions

**Materials:** yellow, white, & black construction paper, 2" yellow circle, black pipe cleaner, tp tube, 8mm wiggle eyes, black marker, Elmers glue, scissors, and hole punch.

## Directions:

1. Start by gluing yellow paper around tp tube.

2. Cut black paper into 4 long strips.

3. Glue black strips around tp tube.

4. Cut out wings and glue them to back of tp tube.

5. Glue wiggle eyes and draw smile on yellow circle.

6. Glue the yellow circle to top of the tp tube. Now you have a face!

7. Hole punch tp tube at top of the back. Use the picture as a reference.

8. Thread pipe cleaner half way through the hole. Twist so stays in place then roll top of each end.

9. Your done! Take your bee out to fly!
