

Make TP Tube Squirrel

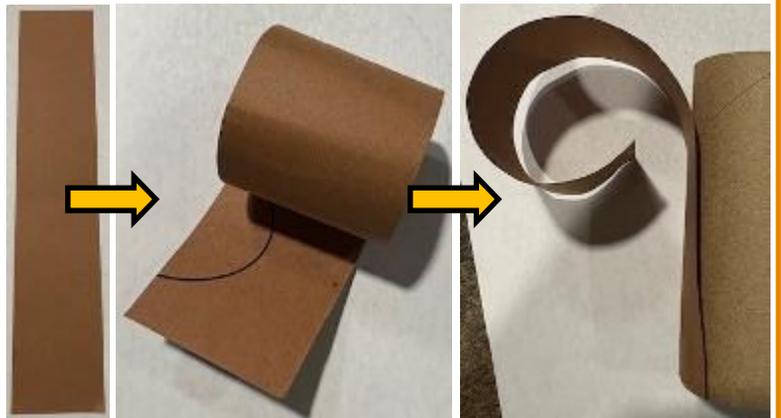

TP tube squirrel Directions

Materials: TP tube, wiggle eyes, scissors, ear template, tacky glue, markers, pom pom, brown paper.

Directions:

1. Roll the long brown paper up tight (half-way) to create the curl of the tail. Unroll and glue the flat end to the bottom of the tp tube. Hold in place for a few seconds.

2. Glue the eyes to the tp tube.

3. Cut out two triangles from the small piece of brown paper. Glue the triangles (ears) to the tp tube.

4. Glue the pom pom to the tp tube.

5. Use the markers to draw the rest of your squirrel face.

6. Your squirrel is complete! Take it with you to explore Woodhaven this autumn season.
